Janus International Named to Inc. 5000 Fastest-Growing Private Companies List for the Fourth Time
Company Jumps Almost 2,000 Positions Since First Ranking in 2008

FOR IMMEDIATE RELEASE

(Temple, GA – August 21, 2017) Janus International Group, LLC, the leading global access door solutions provider for the self-storage industry and commercial/industrial door markets, announced today that *Inc.* magazine has named it one of the nation's fastest growing private companies.

Janus International was named to the *Inc.* 5000 Fastest-Growing Companies List for the fourth time in less than a decade. Ranked at number 2,391 on the list this year, Janus has leapt nearly 2,000 positions since first being named to the list in 2008. To be eligible, companies must be privately held, for profit, based in the U.S., and independent.

According to *Inc.*, companies that made the list, on average, have grown six-fold since 2013 over the same period when the economy grew just 6.7 percent. Only a select few companies (one in ten) have received the prestigious honor of being named to the list four times.

Janus International increased its revenue by 151% and added an additional 120 jobs since its listing last year.

"This significant achievement is a testament to the commitment of our leadership team and the strong network of employees that make our company great," said David Curtis, President and CEO. "To be included in this prestigious list of companies for the fourth time is a great honor. We are driven to lead the industry by developing solutions that continue to meet the needs of our customers, who we believe are instrumental to our continued success."

The Inc. 500|5000 is a list of the fastest-growing private companies in the nation. Started in 1982, this prestigious list of the nation's most successful private companies has become the hallmark of entrepreneurial success. The entire list can be viewed at www.inc.com/inc5000/list/2017.
