WITH STORABLE CONTACTLESS MOVE-INS

storEDGE + SpareFoot Contactless Move-In Capabilițies

At Storable, we believe that providing contactless move-ins to your tenants is not only safer and more convenient, it also unlocks new efficiency benefits for your operation. With new ways for managers to initiate online move-ins from storEDGE, and deeply integrated online move-in capabilities built into SpareFoot, you have more ways than ever to provide this critical service to your prospective tenants. These capabilities are exclusively available as part of the Storable platform, which delivers a fully integrated experience across our products. The result: a better experience for you and your tenants.
